Benefect® IMPACT CARPET & FABRIC CLEANER

PRODUCT DESCRIPTION

Botanical Carpet, Fabric and Upholstery
Cleaner and Deodorizer
Product Number: 60475

HMIS RATING	
HEALTH	1
FLAMMABILITY	0
REACTIVITY	0

Impact Cleaner is a high performance Botanical Carpet Cleaner Concentrate based on optimized dynamic chemistry & formulated for Carpets & Fabrics plus other porous materials & surfaces.

Approved by the Carpet & Rug Institute, Impact will not contribute to re-soiling or color change. Based on optimized dynamic chemistry using only botanically-based ingredients, it is readily biodegradable & safe to use around children, pets & the chemically-sensitive.

Impact contains no VOCs, EDTA, NTA, optical brighteners, fragrances, dyes, phosphates, alkyl/nonyl phenols or other hazardous or unnecessary ingredients. It delivers high visually-clean impact with low environmental impact.

PHYSICAL PROPERTIES

- **Packaged:** 1.0 Gallon/3.78 Liters (4/case)
- **Weight per Unit:** 8.5 lbs./4 kg
- **Appearance:** Clear
- **Odor:** Odorless, Slight Detergent
- **Flash Point: (°C, TCC):** None
- **pH: (100%)** 9.6 - 9.8
- **PPE:** Gloves & safety glasses

Impact is approved by the Carpet and Rug Institute and will not void warranties from carpet manufacturers such as Shaw or Mohawk.

APPLICATION PROCEDURES

Use as a Carpet Pre-Spray with Hot Water Extraction:

1. Mix 4-6 ounces (120-180ml) of Impact with 1 gallon (3.78L) hot water. Apply to carpet with a pump style sprayer. Light agitation of carpet with a carpet brush will increase cleaning efficiency. Let sit for 5 minutes before extracting.
2. Fill the extraction machine's reservoir with hot tap water.
3. Maximize the amount of water removed from the carpet by making a water-extraction pass with the water spray on & then again with the spray off & the vacuum on. Test the carpet with your hand. If your hand comes away with water droplets, extract again with the spray off. If your hand comes away damp & the carpet feels wrung out you have extracted correctly.
4. Wait overnight for the carpet to dry before walking on it. To dry thoroughly, open windows & use fans.
5. Once the carpet is completely dry, vacuum thoroughly.

To Use as an In-Tank Carpet Extraction Cleaner:

1. Mix 1-3 ounces (30-90ml) of Impact with 1 gallon (3.78L) of hot water.
2. Fill the extraction machine's reservoir with Impact and the hot tap water.
3. Apply the cleaner by moving the wand over the carpet with the water spray on and the vacuum on.
4. Let the water/cleaner sit on the carpet for 5 minutes before extracting.
5. Remove the cleaner by passing the extraction wand over the carpet with the sprayer off and the vacuum on. Test the carpet with your hand. If your hand comes away with water droplets, extract again with the sprayer off and the vacuum on, if your hand comes away damp and the carpet feels wrung out, you have extracted correctly.
6. Wait overnight for the carpet to dry before walking on it. To dry thoroughly, open windows and use fans.
7. Once the carpet is completely dry, vacuum thoroughly.

CARPET AND RUG INSTITUTE (CRI) TESTED SOILS

The CRI tested Impact on the following soils: mustard, ketchup, hot black coffee, grape juice, permanent marker, chocolate syrup, dirty motor oil and American Association of Textile Chemists and Colorists (AATCC) synthetic soil.

FIRST AID

Eye: Flush with cool water. Remove contact lenses, if applicable, and continue flushing. Obtain medical attention if irritation persists.

Skin: Flush with cool water. Wash with soap and water. Obtain medical attention if irritation persists.

Ingestion: Do not induce vomiting. Rinse mouth with water then drink one or two glasses of water. Obtain medical attention. Never give anything by mouth if victim is unconscious or is convulsing.

PREVENTATIVE MEASURES

Gloves: Rubber gloves. Confirm with a reputable supplier first.

Eye Protection: Safety glasses
